Abstract

Keywords:

1. Introduction

2. E-learning – an innovative delivery method

constructivist

3. How can the WWW support learning and teaching?

- **Course information:**

- **Teaching materials:**
- **Links or relevant materials and WWW resources:**

3.1 Communication and Collaborative work

Email, mailing lists and newsgroups

Web-based discussion tools

Web-based video conferencing

Other networked tools

4. Web-based learning environments

5. E-learning in IDCs - Implications

Professional Background

Language

Geographical Time zones

Technology available

Attitude towards technology

5. Online Learning and Ergonomics
